

Facts and Highlights

Kindergarten – Eighth Grade

Mission: To Recognize Christ at the Core

Saint Pius X Catholic School partners with the parish community to provide a safe and effective learning environment, anchored in the Gospel Values, fostering spiritual development, academic excellence and stewardship, centered on the Eucharist.

Catholic Identity: To Promote Growth in Faith

The students' growth in faith is the central purpose of our school. In an environment reflecting peace, mercy, justice, and love, children are challenged to achieve their highest potential. They are encouraged to live their faith in word and deed in their family, church, and larger community.

Educational Methods: To Inspire Excellence

We hold high standards of academic excellence in which Gospel values are integrated in everyday activities. School personnel consider each child's spiritual, academic, social, emotional, and physical well being. We use multiple instructional strategies and materials to aid in the students' success.

Parental Relations: To Foster Mutual Support

We recognize parents as having the primary responsibility for the formation and education of their children. Following the teaching of the Catholic Church, we will support, but are unable to assume, the role of parents. We expect parents to maintain communication with the school and support the school community.

Classroom Structure

Primary Grades (K-2):

- Teaching assistants in each classroom

Elementary Grades (3-5) and Middle School (6-8):

- Teaching assistants in each third through fifth grade classroom
- Shared teaching assistant in Middle School

Teaching the Whole Person

Saint Pius X Catholic School, as part of the parish mission, provides all of its students with an educational opportunity for spiritual, intellectual, and physical development rooted in Catholic values, moral responsibility, and academic excellence. In addition to classroom instruction in core subjects, students are offered several educational opportunities as part of our Humanities Program.
